# ABOUT INDIRA RUBBER & PLASTICS

INDIRA RUBBER & PLASTICS PVT.LTD was established in 1988 by a visionary technocrat as a small-scale industry for Manufacturing of Hard Rubber & Plastic Battery Containers. IRP's team is 50 plus in strength which includes graduate professionals besides skilled operators. Together with their rich experience in Planning, Production Engineering, and Quality control, the team is fully capable of translating customer requirements into accurate products. The excellent employer employee relationship has helped employees to focus on productivity and achieve preset schedules and targets.

Our present infrastructure is capable of manufacturing and delivering battery containers as per the specific requirements of the customers. At present IRP is versatile enough to successfully execute even small orders at competitive prices. We adhere strictly to the principles "**On-time Delivery of High Quality Product at Reasonable Prices**". A dedicated and committed team of highly qualified professionals and workers are able to ensure consistent high quality and deliveries on time leading to a high level of customer satisfaction. Our plant located in Peenya Indl Area, Bangalore. with very well equipped and Technologically Advanced machineries with experienced personnel and have many satisfied customers, who use our services manufactured components to suit various applications. The team IRP is strongly dedicated to the clients and believe in progress with their strong support
